Supplier Quality Self-Assessment Survey Form

General Instructions:

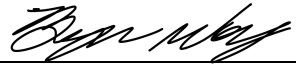

1. Complete all sections of the self-assessment survey form, except for sections designated to be completed by SILQ only.
2. Attach copies of any necessary certificates or documentation in support of answers.
3. Please use the 'Comments' section at the end of the questionnaire to provide additional explanations / rationale.
4. 'N/A' identifies a survey item as one that is not pertinent or necessary to the product or service provided. Items so identified are to be discounted and essentially eliminated from the evaluation. They require no corrective action or follow up. Any survey item so identified is to be explained in the comment section.
5. Please return form to SILQ within 15 days.
6. This self-assessment will be reviewed upon receipt by SILQ to determine the status of supplier.

SUPPLIER INFORMATION			
Supplier Name: FireflySci Inc.			
Street: 12 Warren Court			
City: Northport	State: NY	Zip Code: 11768	
Telephone: +1-347-441-4277		Fax: +1-347-554-8048	
E-mail address: info@fireflysci.com			
Total years in business: 7 years	Years at present facility: 3 years	Total number of employees: 11	
Approx. square footage of facility, including warehouse: 2,500	Number of work days / week: 5	Number of shifts: 2	
What Testing Service(s) do you provide to SILQ?: Photometry calibration			
Is this company a subsidiary of another corporation?: ☐ Yes ☒ No If yes, name: N/A			
List location of any 'satellite' facilities: 2720 Queensview Dr., Ottawa, ON K2B 1A5 Canada			
Are subcontractors involved in the testing of any SILQ items?: ☐ Yes ☒ No If yes, please describe: N/A

58.	Are area-clearance procedures employed to prevent mix-ups?				2
59.	Is the date that the test was performed recorded?				2
60.	Is the name or initials of the person conducting the test recorded?				1
61.	Are final test reports issued?				3
61a.	If Yes , are final test results reviewed by independent person before release?				2
62.	Does documentation show that each significant step of the test was performed, including: -Dates, -Identity of major equipment used -Identification of raw material used (if applicable) -In-process laboratory control results (if applicable)			N/A <i>By W 10 Oct 2023</i>	2
63.	Are results / reports archived?				2
64.	If Yes , length of time archives are maintained:				
General Follow-up					
65.	Would you object to SILQ conducting an on-site supplier audit?			X	
66.	What type of technical services and assistance can you provide to your customers? We provide assistance with any and all technical and sales requests of our cuvettes and other products as well as custom solutions if we do not have a stock option.				
67.	Please list any major improvements or additional process capabilities that you have implemented into your testing process or quality systems within the last year or since the last SILQ self-assessment questionnaire. We have implemented several quality assurance checks with our engineers to insure guaranteed quality of product.				

Comments:

We can discuss on-site audits if necessary based on your requests.
