

2025 Quality Objectives

1. Objective: Incoming quality

a. Goal:

The lot acceptance rate of incoming material used in finished product shall be greater than 80%.

b. Results: **Objective met**

Acceptance rate = 100%. Two (2) lots received in 2024. Both lots accepted.

- SLQ-6000 Catheter, 14 Fr x 10 mL, Silicone, NY Foley, 2-Way Lot: 20250324 Accepted 14 May 2025 Qty: 500pcs
- SLQ-6002 Catheter, 18 Fr x 10 mL, Silicone, NY Foley, 2-Way Lot: 20250324 Accepted 14 May 2025 Qty: 5500pcs

2. Objective: Finished product quality

a. Goal:

The complaint rate of failed catheters shall be less than 5% of the overall distributed catheters.

b. Results: **Objective met**

The complaint rate in 2025 was <0.1%. A total of 2,349 catheters (from all sizes) were distributed in 2025. Only one Product Complaint was received in 2025 describing two failed catheters.
